THIS WEEK'S MONEY MOVES

MEDIUM

Lock your HYSA rate before cuts

At 3.54% APY, high-yield savings still beat inflation. But the Fed may cut in June. Move idle cash now — \$10K earns \$354/yr risk-free.

HIGH

Spring buyers: get pre-approved now

Rates held at 6.37% for 3 weeks. Pre-approval locks your rate for 60-90 days. Waiting risks the June Fed meeting.

LOW
